Dear *Permission to be Powerful* Reader, You reek of ambition.

But I've had your kind before.

Hundreds of times.

No—thousands.

You think your music is new.

Your slang clever.

**But I was there when your great-grandfather
whispered the same ideas under candlelight...**

Thinking he was the first to question his place in the world.

You think your ideas are yours.

Your insecurities are yours.

Your trauma is yours.

**But I've seen the same patterns handed down
through ten generations.**

You think you're a free thinker.

That you have free will...

Cute.

Kid...

I hate to break it to you...

But...

You're a remix.

A copy

of a copy

of a copy.

At this stage of immortality... I've come to see something about humans that most will never see. Not because it's hidden. But because it's too obvious.

*People **aren't** what you think they are. You're a clever ape.*

You think you're rational. Conscious? Enlightened?

But the truth? You're a robot—haunted by ghosts you can't name. Acting out patterns you didn't choose. Trapped in a loop you don't even recognize.

And I've heard it all before.

You walk into the night like you own it.

I've seen raccoons with more street sense.

You think you're edgy?

Please.

You are not the main character.

You're not even the first draft..

You think a nice shirt will help you score with the ladies?

Attraction isn't about looks.
You imbecile.

You're so lost...
you think I'm the crazy one.

So much to learn.

It's about **chemistry** forged in a crucible older than language.
Older than memory.
Older than civilization.

Before we had words,
We had **gesture**.

That was our first language.
And it still is.

Words are dressing.

Useful for commerce, yes.
But useless when it comes to connection.

Another thing they don't tell you...

People are addicted to emotions.

Chaos.
Anger.
Helplessness.

Once you see that,
Once you really **feel** it...

It sobers you like a slap.
Suddenly, everyone you meet looks like a child.
Everyone.

But maybe—just maybe—you’re the one who **knows**.

Knows the game is rigged.

Knows you’re a remix.

Knows there’s nothing new under the sun...

And still chooses to burn.

To write.

To build.

To **bleed** on the page anyway.

That’s who I made this for.

And yet... some of you see through it.

You feel the code in your bones.

You know the loop is real, but you’re done being a passenger.

That’s who this was built for.

This is your Permission to Be Powerful.
